

PHTLS (Pre-Hospital Trauma Life Support)

This training program is approved by Dr. Desmond Fitzpatrick for CEUs. If you are interested in registering for these courses contact the LEMS Administrative Office. All classes begin at 8:30am each day.

Month	Day	Class
June/July	30 th and 5 th	PHTLS

NAEMT's **Prehospital Trauma Life Support (PHTLS)** is recognized around the world as the leading continuing education program for prehospital emergency trauma care. The mission of PHTLS is ***to promote excellence in trauma patient management by all providers involved in the delivery of prehospital care through global education.*** PHTLS is developed by NAEMT in cooperation with the American College of Surgeons' Committee on Trauma. The Committee provides the medical direction and content oversight for the PHTLS program.

PHTLS courses improve the quality of trauma care in your area and decrease mortality. The program is based on a prehospital trauma care philosophy, stressing the treatment of the multi-system trauma patient as a unique entity with specific needs. This may require an approach to the trauma patient that varies from traditional treatment modalities. PHTLS promotes critical thinking as the foundation for providing quality care.

16 hours of CEUs will be awarded in the Trauma category

Disclaimer

Crews will not be paid as this is not a mandatory program. Class sizes will be restricted due to the limited number of books. Both EMTs and Paramedics are welcome to attend on a first come first serve basis. We encourage you to sign up immediately.
